ABOUT ME

Full-stack software developer dedicated to crafting innovative, user-focused digital solutions. Proficient in both front-end and back-end development, adept at leveraging contemporary technologies and seamlessly adapting to new environments. My objective is to provide tangible value through technology.

SKILLS

- **FRONTEND:** HTML, CSS, JavaScript, React.js, AngularJS.
- **BAKEND:** Node.js (Express), PHP (Laravel), Python (Flask), C# (ASP.NET).
- **DATABASES:** MySQL, PostgreSQL, MongoDB, SQL Server.
- **NO CODE / LOW CODE:** SharePoint, Power Apps, Power Automate, WordPress, WooCommerce.
- **MOBILE DEVELOPMENT:** React Native.
- **DEVOPS AND VERSIONING:** Azure, Azure DevOps, Git, GitHub, Doker.

PORTFOLIO

SAX BY XM

Category: Enterprise

🔗 *View project*

SAX provides a swift and reliable solution for electrical analysis, enhancing both the efficiency and safety of power generation system operations.

ECOGOX

Category: Enterprise

🔗 *View project*

EcoGox is a platform that certifies renewable energy, enhancing its visibility and bolstering its market presence, thereby supporting the objective of clean energy in Latin America.

ECOTRADE

Category: Enterprise

🔗 *View project*

EcoTrade is XM's online platform for trading environmental assets, effectively linking verified sellers with buyers to promote sustainability.

PORTFOLIO

BIOTRUST

Category: Enterprise

🔗 *Examine the project*

Biotrust serves as a platform for the registration and certification of biodiversity and tree planting initiatives.

PARTNECOL

Category: Enterprise

🔗 *View project*

Partnecol is an e-commerce platform dedicated to the marketing of electrical spare parts for motorcycles.

EDUCATION

PSYCHOLOGY
University of Antioquia
2011 – 2016

TECHNOLOGY IN SOFTWARE ENGINEERING
Pascual Bravo University Institution
2019 – 2022

COURSES

Course	Year	Certificate
HTML and CSS Online	2019	*View certificate*
Web Development	2019	*View certificate*
Frontend Development	2019	*View certificate*
Materialize CSS	2020	*View certificate*
Logical Reasoning	2020	*View certificate*
JavaScript Essentials	2020	*View certificate*
JavaScript Asynchrony	2020	*View certificate*
ECMAScript 6+	2020	*View certificate*
JavaScript Expertise	2020	*View certificate*
Object-Oriented Programming	2019	*View certificate*
React JS Application	2020	*View certificate*
Sorting Algorithms	2020	*View certificate*
Node.js Essentials	2020	*View certificate*
Backend with Node.js and Express	2022	*View certificate*
Node.js, MongoDB and WebSockets	2022	*View certificate*
Backend with Node.js and PostgreSQL	2023	*View certificate*
Introduction to React Native	2023	*View certificate*
React Native: Forms	2023	*View certificate*
React Native: List Management and APIs	2023	*View certificate*
Terminal and Command Line	2020	*View certificate*
Basic Python	2021	*View certificate*
Intermediate Python	2021	*View certificate*
Algorithmic Complexity in Python	2022	*View certificate*
Computational Thinking with Python	2021	*View certificate*
Probabilistic Reasoning	2022	*View certificate*
Mathematics for Data Science	2022	*View certificate*
Differential Calculus and Data Science	2022	*View certificate*
Computational Statistics in Python	2022	*View certificate*

EXPERIENCE

ISA - XM
Full-Stack Developer
June 28, 2022 - July 17, 2024

- Frontend utilizando HTML, CSS and JavaScript
- Frontend with React JS
- Backend with Node.js - Express
- DB with MongoDB, MySQL, and SQL Server
- Microsoft Power Platform application
- Azure Solutions

SMSOLUCION
Frontend Engineer
January 17, 2022 - May 01, 2022

- Frontend utilizando HTML, CSS and JavaScript
- Frontend with React JS
- Frontend with AngularJS
- Databases utilizing MongoDB
- Azure DevOps Platform

H2AGROUP
Full-Stack Developer
July 7, 2021 – January 15, 2022

- Frontend utilizando HTML, CSS and JavaScript
- Backend with PHP - LARAVEL
- Databases utilizing MySQL

TAILORSOFT
Junior Software Engineer
August 26, 2019 - December 25, 2019

- Frontend utilizando HTML, CSS and JavaScript
- Frontend with React JS
